

## Our Commitment

As your care partner, TENA® is there to support you and your resident every step of the way.

TENA's number one priority is helping care homes deliver overall resident well-being related to continence care.

Everything we do is focused on you and the unique needs of your residents.

To improve your resident care and your home's efficiencies, our TENA® brand provides a number of resident-centered care programs that will allow you to spend more rewarding time with your residents.

## TENA® your partner in continence care

For over 50 years, TENA® has partnered with care homes to help meet the needs of each and every resident, while improving the overall care home environment and efficiency. With the right products, services and expertise in continence and personal hygiene care, we help you to make a difference. TENA® is ready to stand by your side, enabling you to deliver the best and most compassionate care for every individual.

## TENA® Identifi

**NEW**  
knowledge for  
better outcomes

TENA® Identifi tracks voiding patterns electronically in real time over 72 hours and graphically converts the data into actionable, evidence-based reports to help you optimize continence care for your residents.

*"This is a technological solution, which has increased quality of life for residents, improved the working environment and the work satisfaction of the staff, while also having a positive impact on the economy."*

– Susanne Eriksen, Head of Care Unit  
Munkehatten, Odense Municipality of Denmark

## TENA U

TENA U makes it easy for you to get current and relevant information in a self-directed and chain managed approach. This innovative, e-learning site gives you the freedom and convenience to complete the courses on your own time and at your own pace.

## TENA Portraits™

TENA Portraits™ is a more efficient, self-directed product selection solution designed with individualized care in mind. With TENA Portraits™ web based tool, you are able to identify the continence care product needs of your residents based on 5 key areas:

- Cognitive status
- Mobility
- ADL's
- Transferring ability
- Level of incontinence

**NOW**  
accessible  
online

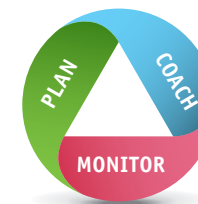

Drop down menus make it fast and easy to complete. TENA Portraits™ identifies the most appropriate product for each individual and enables you to run individual and full home reports.

## TENA® Manager

### Customized Incontinence Management Program

The TENA® Manager Program is a customized incontinence management program that enables continual monitoring of resident needs, encourages system use in efficient on-going ordering and promotes consultation with the TENA® representative.

With a designated in-house TENA® Manager, a home can control costs and achieve better clinical outcomes while meeting individualized care needs.
